

GAUTAM SINGH

BIT Student | Software / Web Development Enthusiast

Nepal | GitHub: github.com/Gautamsingh98 | Email: [your email] | Phone: [your phone]

PROFILE

Bachelor of Information Technology student with a strong interest in software and web development. Familiar with Python, C/C++, Java, JavaScript, PHP, HTML, CSS, MySQL and Git/GitHub. Interested in building practical, user-focused applications and continuously improving programming and problem-solving skills.

EDUCATION

Bachelor of Information Technology (BIT)	Purbanchal University School of Science and Technology	Expected 2027
+2 Science	Greenland College	2023

TECHNICAL SKILLS

Programming	C, C++, Python, Java
Web Development	HTML, CSS, JavaScript, PHP
Database	MySQL
Tools	Git, GitHub, XAMPP, VS Code

PROJECTS

AI Talent Screening & Career Intelligence Platform

- Developed a web-based platform concept for recruitment and candidate management, including recruiter and candidate dashboards, job management and resume-related functionality. Worked with a React frontend and Flask/Python backend with database integration.

Nagrik Complaint Management System

- Worked on a web application designed to help citizens submit and manage public complaints. Used HTML, CSS, JavaScript, PHP and MySQL, with XAMPP for local development.

Library Management System

- Developed a C-based application for managing library records and basic book-related operations.

Academic Website

- Built a responsive academic website using HTML, CSS and JavaScript to organize and present educational information.

ADDITIONAL EXPERIENCE / INTERESTS

- Exploring AI-assisted applications, automation and practical software solutions.
- Experience working with frontend/backend project structures and database-backed applications.
- Interested in learning scalable, cloud-ready and mobile-friendly application development.

LANGUAGES

English, Nepali, Maithili, Hindi
